Case No. 800-2017-036218

Public Letter of Reprimand

An investigation by the Medical Board of California revealed that you failed to prescribe non-narcotic medications for a patient's pain, you continued to prescribe Alprazolam without additional interventions, and you failed to assess the patient's renal function prior to prescribing Lisinopril to the patient for hypertension.

These actions constitute a violation of California Business and Professions Code section 2234(c) - repeated negligent acts.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.
